THE GOLDEN GLOBE WINNER AND STAR OF 'THE X-FILES' AND 'BLEAK HOUSE' SPEAKS TO FRANCESCA BABB

CULODEN ESTATE AND SPA NORTHERN IRELAND

"I used to stay here when shooting *The Fall*. It's just outside Belfast and while there are a lot of great hotels in the city itself, at the end of a day filming something like that, I need to go somewhere calm. I've had the same room in the old part of the building for the past three years. Sometimes you can walk into a hotel room and everything feels wrong, but not at this place." [hastingshotels.com](#). RANVAS RAJASTHAN, INDIA

"Nagar Fort is a beautiful, ancient landmark, and within that fort, right in the middle of it, is the Ranvas. It feels very, very special. I've been to southern India and Delhi, and once did a film in Kolkata, but this part of India was new to me – I loved it." [ranvasnagar.com](#). Doubles from about £200

HOTEL MONTELEMBERT PARIS

"This is a curious little spot. The bedrooms on the top floor, with vaulted ceilings and small balconies, are the ones to go for. It's right by Saint-Germain-des-Prés and close to the Musée d'Orsay and the Jardin du Luxembourg. But it's also very serene, which is what I really like about it." [hotelmontalembert-paris.com](#). 'Viceroy's House', starring Gillian Anderson, is in cinemas on 3 March

VICEROY L'ERMITAGE BEVERLY HILLS CALIFORNIA

"A lot of British actors stay here as it's discreet and understated. It doesn't have a rocking, trendy lobby, and the rooms are simple and Asian influenced. I like comfort, but not necessarily show-off comfort, and this place is lovely." [viceroyhotelsandresorts.com](#). Doubles from about £410

"I TEND TO BE PICKY ABOUT A ROOM AND - THIS IS GOING TO SOUND PRETENTIOUS - ABOUT THE ENERGY WITHIN IT"

CLUB VILLA BENTOTA, SRI LANKA

"A train track runs through the middle of this place – right between the hotel and the beach – which is just wonderful. Whenever one of the old trains passes by I jump up and down in the pool with excitement. I have a house in Sri Lanka, so the island is a big part of my life. But I've stayed here many times because I find everything about the hotel incredibly soothing, from the painted clapboard colonial style to the beach at the bottom of the garden."
